

Amendments to the Drawings:

The attached sheet of drawings includes changes to Figs. 1, 2, and 3. These sheets, which include figures 1, 2, 3, replace the original sheets including said figures.

Where applicable, the added labels are translations of the German text in the originally filed drawings and derive support from the specification. Other labels, which have been added to the drawings, correspond with material described in the application that is associated with the respective reference characters.

For example, the walls 4, base station 8, transmitter/receiver unit 10, transmitter unit 14, response transmitter 20, transmitter/receiver unit 22, and receiver unit 26 are described on page 4, line 1 through page 5, line 15 of the originally filed specification.

No other changes have been made to the figures.

Attachment: (3) Replacement Sheet
 (3) Annotated Sheet Showing Changes

Remarks/Arguments:

The amendment is filed in an effort to correct a drawing error. The entry of the amendment is warranted as it only pertains to a drawing matter and does not, in any way, change the scope of the claims.

Please charge any other fees, which might be due with respect to Sections 1.16 and 1.17 to Deposit Account No. 12-1099 of Lerner Greenberg Stemer LLP.

Respectfully submitted,

Mark P. Weichselbaum (43,248)
